December 4, 2009

Dear Chief Executive Officer:

Consistent with prior years, NOLHGA is providing the enclosed data regarding insolvency costs to assist members of the insurance industry in establishing accruals for their respective share of these costs. Beginning in 2001, insurance companies were required to establish a liability and expense for guaranty association assessments when a loss is probable and can be reasonably estimated. Statement of Statutory Accounting Principle ("SSAP") No. 35 – Accounting for Guaranty Fund and Other Assessments (finalized March 2000 by the NAIC) and Statement of Position ("SOP") 97-3 – Accounting by Insurance and Other Enterprises for Guaranty Fund and Certain Other Insurance-Related Assessments (released December 1997 by the AICPA) discuss the particulars for establishing these liabilities.

The enclosed schedules provide estimates of the total costs (including statutory benefits and the expenses incurred to provide them) for specific, multi-state insolvencies in which NOLHGA has been involved. Also included is related assessment information for which NOLHGA is aware (this information reflects assessments called (i.e. billed) less refunded as of December 31, 2008). Please review the comments at the beginning of each section for a clearer understanding of the data and the limitations inherent in these estimates.

The <u>enclosed data is based on estimates</u> from a variety of sources without having been verified to its source. Also, the data generally does not attempt to account for the cost of non-NOLHGA insolvencies (such as where only one or two states are affected). *Furthermore, because the data utilizes estimates, it may exclude costs incurred directly by the state guaranty associations, and does not reflect the actual timing or amounts of assessment levies and calls by member state guaranty associations. As such, the contents of this report may not be utilized in protesting actual assessments made by the guaranty associations.* 

Please forward the enclosed material to the appropriate individual within your company. We hope the enclosed data is useful and informative. If you should have any questions, please contact me at (703) 787 - 4119.

Sincerely,

Paul A. Peterson, CPA, FLMI Vice President, Accounting and Finance

Enclosure

## Overview

## **General Comments**

Please note the following general comments relating to sections within this package.

<u>Overview</u> – lists insolvencies by certain categories and contains summary totals for each category. Generally, these are multi-state cases in which NOLHGA was involved. Costs may include amounts needed to fund assumption reinsurance transactions, claims paid directly by guaranty associations, expenses incurred by NOLHGA and guaranty associations and assets actually received from estates. Note the following general classifications:

## • Pre-Liquidation Cases

Companies listed in this category are under some form of oversight (conservation, rehabilitation, etc.) by state insurance departments but have NOT been place into liquidation nor has a final order of liquidation with funding of insolvency been obtained. Costs estimates are based on available information regarding policy liabilities and available estate assets, if any. Companies will need to decide whether or not they wish to establish an accrual for these cases since neither SSAP No. 35 or SOP 97-3 appear to require an accrual until a final order of liquidation is obtained.

## • Open Insolvencies

The insolvencies listed are those that are still in an "open" status. These cases may be involved in the development of an assumption reinsurance agreement which has closed (or is anticipated to close in the near future); an assumption reinsurance agreement that requires funding to occur in the near future (or funding is anticipated to occur over a number of years beyond the current period) or may have closed blocks of business which will be administered indefinitely by guaranty associations and claims will simply be in a run-off status. **Please note Executive Life Insurance Company is now included in this category.** 

## Please note Executive Life insurance Company is now included in this car

## Closed

This category lists those costs associated with assumption reinsurance agreements that have been closed or outstanding claims benefits have essentially been funded by Guaranty Associations. Guaranty associations may still incur costs related to covered obligations.

## Estates Closed

This category lists those costs associated with estates that have had court orders issued to close the estate. No further costs or recoveries other than minor amounts are anticipated.

## • Released from Oversight

This category lists those cases which were under some form of Insurance Department oversight (whether referred to as supervision, conservation, rehabilitation, receivership, etc.) and did not proceed to a liquidation status. The cases are eventually released from Department oversight. Blocks of business are generally disposed of without GA funding. Guaranty association costs should be minimal and are generally limited to expenses involved in monitoring the cases.

#### • Other Key Points

Provides general comments related to specific insolvencies.

## <u>Anticipated Funding Schedule</u>

This section contains Anticipated Funding Schedules for certain insolvencies for which Guaranty Association funding occurs over a period of time extending beyond year-end 2009. Particular attention should be given to these insolvencies since Guaranty Associations may fund their participation in an assumption reinsurance agreement through a variety of methods (such as the use of a promissory note or borrowed funds to accommodate capacity limitations or the economic benefit to member companies), and it is likely that the timing of actual assessments will not coincide with the enclosed schedules. Please note Executive Life Insurance Company is the only insolvency currently included in this schedule.

## • Specific Insolvency Costs and Assessment Information

This section lists estimated costs by insolvency. It provides breakdowns by state and account. It also includes assessments called (billed) and refunded as of the immediate past yearend. Assessment information is compiled annually from state guaranty associations. This information is NOT audited or verified by NOLHGA. NOLHGA cannot comment as to the completeness or accuracy of the information shown herein. Inquiries about assessments should be directed to each individual state guaranty association.

In addition, this information

- does not incorporate estimates of possible future recoveries from remaining estate assets or litigation;
- does not attempt to determine when guaranty associations may actually assess costs to member companies and
- does not attempt to determine whether guaranty associations will utilize existing cash on hand to fund specific insolvencies.

## <u>Assessable Premiums 1988 -2008</u>

This section contains the Total Assessable Premiums for the period 1988 through 2008, by state, by account, by year. The data is obtained from the final Assessment Data Surveys filed by member companies. The data may be used to estimate your company's pro-rata share of the estimated costs for all insolvencies. This may be accomplished by calculating your share of the assessable premiums and applying that factor to the estimated insolvency costs.

## <u>State Guaranty Association Assessment and Premium Tax Offset Provisions</u>

This report contains general information regarding assessment and premium tax offset provisions by state as of August 15, 2009.

## AMOUNTS IN THE ENCLOSED REPORTS ARE SHOWN IN WHOLE DOLLARS

The data and enclosed funding schedules utilize estimates and may exclude costs incurred directly by the State Guaranty Associations, and actual assessments made by the Guaranty Associations may not coincide with the anticipated funding schedules. They should only be used in estimating your share of the insolvency costs. Since the data has not been audited, it MAY NOT be used in protesting actual assessments made by State Guaranty Associations. As such, neither NOLHGA nor the Guaranty Associations will attempt to reconcile the data presented in the enclosed reports to actual Guaranty Association assessments or explain differences.

# **Key Points**

## **KEY NOTES ON ALL INSOLVENCIES:**

- NOLHGA expenses are incurred as of June 30, 2009. Where known, expenses and claims incurred directly by guaranty associations and recoveries from litigation, estate distributions etc. have been included.
- Neither NOLHGA nor the Guaranty Associations make any representations or warranties as to the accuracy of the enclosed data.
- Assessment information is compiled annually from state guaranty associations. This information is NOT audited or verified by NOLHGA. NOLHGA cannot comment as to the completeness or accuracy of the information shown herein. Any such inquiries should be directed to each individual state guaranty association.

## **Pre-Liquidation Cases**

This section contains estimated costs by case, by state, by line. The cases listed have not yet been placed under on order of liquidation with finding of insolvency. Member companies need to decide if they wish to establish accruals for these cases since the accounting guidelines do not require an accrual be established until a company is placed under an order of liquidation.

## American Network/Penn Treaty

Related companies that wrote primarily long term care insurance. Cost estimates reflect our best available estimate based on available information.

## Standard Life of IN

Cost estimate reflects estimates of covered obligations and assumes there will be sufficient estate assets available to cover approximately 80% of the covered obligations.

## Monarch Life Insurance Company

Total costs reflect NOLHGA expenses incurred; no current plans for guaranty association participation.

## Booker T Washington/Golden State Mutual/Imerica/Shenandoah/Universal Life

No data available to provide a cost estimate.

## **OPEN INSOLVENCIES**

This section contains estimated costs by insolvency, by state, by line. The insolvencies listed reflect those cases which are still in an "open" status with no assumption reinsurance agreement being closed and are in a claim run-off mode, or those that an assumption agreement is anticipated to close in the near future or agreements which may require guaranty association funding for a number of years beyond the current period.

## Executive Life Insurance Company

Reports in previous years presented estimated costs of each guaranty association's liability discounted to September 1993. Beginning with the 1995 report, costs were shown as if Guaranty Associations paid off all obligations by 2008. Under the Enhancement Agreement, Guaranty Associations have the option to make annual installment payments or defease their obligations. Since GA costs grow with interest over time, deferral of Guaranty Association payments through annual installment payments result in higher aggregate (undiscounted) costs than, for example, making a one-time defeasance payment. <u>Obviously, the ultimate aggregate (undiscounted) cost will depend on how each Guaranty Association chooses to fund their obligations.</u>

Consistent with prior years, the current estimate reflects the following assumptions regarding Guaranty Association funding of ELIC obligations:

Guaranty Associations make annual installment payments through 2009.

Guaranty Associations opt to defease with a one-time defeasance payment in 2010 of approximately \$535 million, representing the estimated present value of future obligations otherwise due in 2010 and beyond. The reader should note that the Guaranty Association may extend the payment period beyond 2010 and continue to make annual installment payments until all covered obligations are satisfied.

Discount rates used were approximately 5.14% for all remaining obligations.

Other comments pertinent to the estimates include:

The estimates are net of approximately \$304 million received between 1995 and 2007 from the ELIC Trusts. Future recoveries, if any, from the Trusts cannot be estimated and therefore are not included in this presentation.

The estimates are exclusive of any possible future indemnity charges. Such charges, if any, cannot be estimated and therefore are not included in this presentation.

The estimates include actual administrative charges from Aurora through 2009 and allocated NOLHGA costs through September 30, 2009. The estimates exclude future Aurora administrative costs and allocated NOLHGA costs.

The estimates include actual and projected costs related to Article 22 and 23 of the Enhancement Agreement. While there are no arrangements currently in place to defease such obligations, the estimates assume that the present value of such costs is paid in 2010.

Because of the uncertain nature of the Guaranty Association obligations, the schedule included in the Anticipated Funding Schedule Section for Executive Life MOST LIKELY WILL NOT coincide with actual assessments from the guaranty associations as a result of (a) factors previously mentioned; (b) differences between actual and estimated amounts due as a result of changes in interest rates and other factors; and (c) guaranty associations which may be, or anticipate, experiencing capacity limitations.

Anticipated funding period: Annual payments due April 1992 - 2009

Bullet payment paid June 1998

Either:

- Defeasance payment due May 2010 (as reflected in the attached schedule), or
- On-going installment payments well beyond 2010, due April of each year.

## Life & Health Insurance Company of America

Total costs reflect expenses incurred by GA's and NOLHGA, estimated reserves for business yet to be sold, assumption costs for minor block of life business sold and claims paid (net of premium collected) on various blocks of business. Increase from prior year the result of change in reserve estimate for remaining inforce long term care business being administered by the guaranty associations.

## Lincoln Memorial and Memorial Service Life Insurance Companies

New cases in 2008; companies wrote preneed funeral insurance. Current plan calls for guaranty associations to run-off business. Total costs reflect paid claims, expense, premiums received and a reserve estimate as of Sept. 30, 2009 using the 1980 CSO ALB Sex distinct Mortality at 4.0% Valuation ate. Decrease from prior year is due to prior amounts reflecting the FACE AMOUNTS of preneed insurance policies. See special file for cost range estimates.

## Medical Savings Insurance Company

New case in 2009. Current plan calls for guaranty associations to fund existing claims.

## **CLOSED INSOLVENCIES**

This section lists those costs associated with assumption agreements which have been closed prior to 2008 or all claims have essentially been funded. Since Guaranty Associations may fund their participation in an assumption reinsurance agreement through the use of a note or borrowing the funds, it is possible that actual assessments may not have been levied against member insurance companies. Therefore, the enclosed data is being provided so that you can determine if assessments have been paid or whether an accrual needs to be established.

## American Chambers Life Insurance Company

Placed into liquidation 5/00.

#### American Integrity Insurance Company

Business sold: Closed 6/1/94, all business transferred.

#### American Western Life Insurance Company

Placed into liquidation 8/97. Costs include claims paid directly by Guaranty Associations.

#### Andrew Jackson Life Insurance Company

Business sold: Closed 8/27/93, all business transferred.

#### Benicorp Insurance Company

Most of business transferred pre-liquidation via rewrite program; remaining inforce business cancelled by guaranty associations. Total costs reflect claims funded by guaranty associations through the fall of 2009. Minor claims funding still possible until estate is closed. Decrease from prior year due to early access distributions.

#### Centennial Life Insurance Company

Placed into liquidation 5/98. Costs include claims paid directly by Guaranty Associations along with related GA and NOLHGA expenses.

## Confederation Life Insurance Company – U.S. Branch

No further guaranty association costs anticipated.

#### **Consumers United Insurance Company**

Business sold: Closing 2/15/95.

#### Family Guaranty Life Insurance Company

New case in 1999, part of Thunor Trust companies. Costs reflect sale of business via assumption reinsurance and subsequent final accounting during 2001 along with guaranty association expenses incurred directly.

#### Farmers and Ranchers Life Insurance Company

New case in 1999, part of Thunor Trust companies. Costs reflect sale of business via assumption reinsurance and subsequent final accounting during 2001.

#### Fidelity Bankers Life Insurance Company

Business sold: Closing 6/12/93. Costs reflect expenses incurred by NOLHGA. Costs include certain guaranty associations participating in and funding a supplementary agreement during 2001.

## First National Life Insurance Company of America

New case in 1999, part of Thunor Trust companies Costs reflect sale of business via assumption reinsurance and subsequent final accounting during 2001 along with guaranty association expenses and claims incurred directly. Decrease from prior year result of early access distribution received from estate.

## Franklin American Life Insurance Company

New case in 1999, part of Thunor Trust companies. Costs reflect sale of business via assumption reinsurance and subsequent final accounting during 2001 along with guaranty association expenses incurred directly.

## Franklin Protective Life Insurance Company

New case in 1999, part of Thunor Trust companies Costs reflect sale of business via assumption reinsurance and subsequent final accounting during 2001 along with guaranty association expenses and claims incurred directly. Decrease from prior year result of early access distribution received from estate.

## International Financial Services Life Insurance Company

New case in 1999, part of Thunor Trust companies. Costs reflect sale of business via assumption reinsurance and subsequent final accounting during 2001 along with guaranty association expenses and claims incurred directly. Decrease from prior year result of early access distribution received from estate.

## Investors Equity Life Insurance Company of Hawaii, LTD

Single state insolvency domiciled in Hawaii. Business sold: 2/5/96.

## Legion Insurance Company

All business is A&H. Cost estimate reflects minimal amount of A&H exposure due to stop loss and disability policies and includes GA and NOLHGA-related expenses. Affiliated with Villanova Insurance Company. Minor amount of a&h claims in which no information is yet available still to be funded in future. Decrease from prior year result of early access distribution received from estate.

## London Pacific Life & Annuity Company

Costs represent expenses incurred by GA's and NOLHGA along with costs associated with the disposition of the annuity business via an exchange transaction in 2004. These amounts include guaranty association funding for the policies that elected to exchange contracts to the acquiring company, guaranty association funding for the policies that elected to surrender their entire contracts and funding for the covered cash surrender value of policies electing to continue their contract with guaranty associations plus an assumption reinsurance transaction in 2007.

## National Heritage Life Insurance Company

Funding for assumption transaction generally accomplished through use of Guaranty Association promissory notes, anticipated to be paid off over 5-year term. Decrease from prior year the result of early access distribution.

Business sold: Closing 7/2/96.

## Old Standard Life Insurance Company

Part of Metropolitan Mortgage Group. No data available.

## **Reliance Insurance Company**

Costs reflect guaranty association funding for outstanding A&H claims plus expenses incurred by the GA's and NOLHGA. Only minor run-off claim activity is anticipated in the future. Decrease from prior year result of early access distributions.

## States General Life Insurance Company

Costs reflect guaranty association funding for outstanding A&H claims and assumption reinsurance transaction plus expenses incurred by the GA's and NOLHGA.

## Universe Life Insurance Company

Company placed into liquidation late 1998. Business sold Oct. 99. Increase from prior year result of updated claims and expense data from guaranty associations.

#### Villanova Insurance Company

All business is A&H; no liability estimates by state yet available. Affiliated with Legion Insurance Company. Costs represent NOLHGA-incurred expenses only.

## ESTATES CLOSED

This section contains estimated costs by insolvency, by state, by line for those estates that have been closed. No further costs or recoveries are anticipated.

#### Alabama Life Insurance Company

Affiliated with American Educators and Consolidated National. Business sold: Closed 10/21/94, all business transferred.

## American Educators Life Insurance Company

Affiliated with Alabama Life and Consolidated National. Business sold: Closed 9/30/94, all business transferred.

## The American Life Assurance Company

Sale of business closed 3/13/98, all business transferred.

## American Standard Life & Accident Insurance Company

Sale of business closed 9/22/98, all business except uncovereds transferred.

## AMS Life Insurance Company

Business sold: Closings: 9/3/92, 11/9/93. Decrease from prior year result of final estate distribution.

## Bankers Commercial Life Insurance Company

New case in 2000, placed into liquidation 6/00. Costs estimates include funding of assumption reinsurance transaction, claims paid by the guaranty associations, net of premium collections, through August 2002, expenses incurred directly by guaranty associations and NOLHGA-related expenses.

## Coastal States Life Insurance Company

Business sold: Closing 11/8/96, all business transferred.

## **Consolidated National Life Insurance Company**

Affiliated with Alabama Life and American Educators.

Business sold: Closing 9/30/94, all business transferred.

## Corporate Life Insurance Company

Business sold: Closing 1/31/96. Decrease from prior year result of final estate distribution.

## **Diamond Benefits Life Insurance Company**

Business sold: Closing 11/30/92, all business transferred.

## EBL Life Insurance Company

Single state insolvency, domiciled in Pennsylvania. Subsidiary of Summit National Life Insurance Company, business sold in conjunction with Summit National assumption reinsurance transaction.

Business sold: Closing 11/30/94, all business transferred.

## First National Life Insurance Company

Costs reflect payment of outstanding claim benefits by Guaranty Associations. No assumption funding involved.

## George Washington Life Insurance Company

Business sold: 12/17/93 - Life and Allocated Annuity Business 1/1/96 - Accident & Health.

## **Guarantee Security Life Insurance Company**

Costs reflect both the Guaranty Association funding required establishing GRC and the funding required in the sale of the business via assumption reinsurance. The sale of the business closed 11/97. Costs include the initial \$32 million capital contribution.

## Inter-American Insurance Company of Illinois

Business sold: Closed 4/13/93, all but A&H business (amount not available) transferred.

## **Investment Life Insurance Company of America**

Business sold: Closed 9/6/94, all business transferred.

## Kentucky Central Life Insurance Company

Cost estimate reflects final accounting adjustments made in 2001 due to expiry of 5 year plan and reconciliation of all known funding, claims and expenses incurred by the guaranty associations and NOLHGA.

## Life Assurance Company of Pennsylvania

Single state case located in PA and associated with Diamond Benefits Life Insurance Company insolvency. No cost estimate available. GA assumption costs associated with plan developed through NOHGA are reflected in Diamond Benefits.

## Midwest Life Insurance Company

Business sold: Closed 6/1/92, all business transferred.

## Mutual Benefit Life Insurance Company

No further Guaranty Association costs anticipated.

## Mutual Security Life Insurance Company

Business sold: Closings: 5/26/92, 2/8/93, 5/7/93, 10/4/93, 11/30/94.

## National Affiliated Investors Life Insurance Company

Total costs reflect sale of business via assumption reinsurance. Includes expenses incurred by NOLHGA and guaranty associations.

## National American Life Insurance Company of PA

Business sold: Closing 7/1/96, all business sold.

## New Jersey Life Insurance Company

Business sold: Closing 9/9/93, all business sold.

## Old Colony Life Insurance Company

Business sold: Closing 10/20/94, all business transferred. Decrease from prior year result of final estate distribution.

## Old Faithful Life Insurance Company

Business sold: Closed 3/1/93, all business transferred.

## Pacific Standard Life Insurance Company

Business sold: Closed 5/11/94, all business transferred. Minor benefits anticipated to be provided by certain guaranty associations ended during 2003, no future activity anticipated

## Statesman National Life Insurance Company

Costs reflect sale of business via assumption reinsurance. All business sold.

## Summit National Life Insurance Company

Business sold: Closed 11/30/94, minor block of A & H canceled.

## Supreme Life Insurance Company

Placed into liquidation 1995, no data available.

## Underwriters Life Insurance Company

Business sold: Closing 10/31/92

## Unison International Life Insurance Company

Business sold: Closing 8/27/93, all business transferred.

## United Republic Life Insurance Company

Costs reflect expenses incurred by NOLHGA.

Business sold: Closing 10/1/94

## **RELEASED FROM OVERSIGHT**

This section contains estimated costs on those cases which have been released from oversight (these were companies placed under some form of supervision and have since been released). No further costs or recoveries are anticipated.

## **Confederation Life Insurance & Annuity Company**

No Guaranty Association funding required in assumption reinsurance transaction.

## Fidelity Mutual Life Insurance Company

Total costs reflect NOLHGA expenses incurred. Business assumed 1/1/2008 by Commonwealth Annuity and Life Insurance Company with no GA involvement.

## First Capital Life Insurance Company

Costs reflect expenses incurred by NOLHGA net of estate asset recoveries. Policies assumed by Pacific Mutual Life Insurance Company through newly created company, Pacific Corinthian. No GA assumption funding involved.

## Mid-Continent Life Insurance Company

Placed under supervision in 1998, costs reflect expenses incurred by NOLHGA. No Guaranty Association participation.

## Old West Annuity & Life Insurance Company, Western United Life Insurance

Part of Metropolitan Mortgage Group. Business sold without the need for GA funding or participation.

## Settlers Life Insurance Company

New case in 1999 as result of Thunor Trust. Placed under supervision in 1999, costs reflect expenses incurred by NOLHGA. Company sold to third party in 1999, no Guaranty Association participation.

## Universal Health Care Ins. Co. Inc.

Company and FLDOI entered into a consent order resolving differences in December 2007.All business is Medicare Advantage. Costs represent NOLHGA incurred expenses.

## ALL AMOUNTS IN THE ENCLOSED REPORTS ARE SHOWN IN WHOLE DOLLARS

The data and enclosed funding schedules utilize estimates and may exclude costs incurred directly by the State Guaranty Associations, and actual assessments made by the Guaranty Associations may not coincide with the anticipated funding schedules. They should only be used in estimating your share of the insolvency costs. Since the data has not been audited, it MAY NOT be used in protesting actual assessments made by State Guaranty Associations. As such, neither NOLHGA nor the Guaranty Associations will attempt to reconcile the data presented in the enclosed reports to actual Guaranty Association assessments or explain differences.

## **Anticipated Funding Schedules**

This section contains Anticipated Funding Schedules, by year, for the following insolvencies:

• Executive Life Insurance Company

Included for your benefit is a reconciliation between the "Total Anticipated Funding Schedule" and the insolvency costs reflected in the "Overview Open and Closed Insolvency" report.

Actual assessments by Guaranty Associations <u>most likely WILL NOT match</u> the enclosed funding schedules, particularly in states which may be experiencing capacity limitations. Therefore, this data MAY NOT be utilized in protesting actual GA assessments.

Please refer to the applicable section for more detailed comments regarding a specific insolvency contained within this section.

These schedules are provided solely for use by member companies to discount the pro rata share of the insolvency costs at a rate applicable to the member company, if the member company chooses to do so. You may wish to confirm this practice with your auditors or insurance department prior to making your calculations and for any guidance that may be available regarding the applicable discount rates(s).

## ALL AMOUNTS IN THE ENCLOSED REPORTS ARE SHOWN IN WHOLE DOLLARS

The data and enclosed funding schedules utilize estimates and may exclude costs incurred directly by the State Guaranty Associations, and actual assessments made by the Guaranty Associations may not coincide with the anticipated funding schedules. They should only be used in estimating your share of the insolvency costs. Since the data has not been audited, it MAY NOT be used in protesting actual assessments made by State Guaranty Associations. As such, neither NOLHGA nor the Guaranty Associations will attempt to reconcile the data presented in the enclosed reports to actual Guaranty Association assessments or explain differences.

# Assessable Premium

## Assessable Premium 1988 – 2008

This section contains the Total Assessable Premiums for the periods 1988 through 2008 by state, by account, by year. The data is obtained from the final Assessment Data Surveys as filed by member companies. <u>The premiums for 1988</u> <u>through 1993 include all changes as a result of the 1988 - 1993 Assessment Data Resurvey</u>. Results of the resurvey were released to Guaranty Associations and insurance commissioners June 30, 1997.

Guaranty Associations may adjust the Assessment Data Survey premiums for any number of reasons (i.e. companies file corrected surveys; formula error occurred in the compilation of the data, companies are added/deleted from the premium base, the Guaranty Association uses a premium basis other than the Assessment Data Survey, etc.). Because of these adjustments, the premium basis used in the actual assessments by Guaranty Associations may differ from the enclosed data. Therefore, the enclosed material MAY NOT be utilized in protesting actual Guaranty Association assessments. Neither NOLHGA nor the Guaranty Associations will attempt to "reconcile" the enclosed material to that used in actual assessments. The data is provided to you solely to aid your company in determining its market share and related share of the insolvency costs.

The data may be used to estimate your company's pro-rata share of the estimated costs for all insolvencies. This may be accomplished by calculating your share of the assessable premiums and applying that factor to the estimated insolvency costs. Premium figures for your company will need to be obtained from your records; neither NOLHGA nor the Guaranty Associations will provide company specific premium information. Note: When calculating your pro-rata share of premiums, please remember to use your 88-93 resurvey premiums as opposed to those originally filed.

Following are some, but not all, methods that may be considered in calculating your company's pro-rata share. <u>NOTE</u> these are not meant to be definitive accounting guidelines in determining guaranty assessment accruals, but are only offered as food for thought.

- Determine Company's premium on a state level, by account basis and divide by state, by account totals indicated in enclosed material. Apply this factor to the enclosed cost data on a by state, by account basis. This method most likely is the most accurate in determining a company's pro rata share of the costs, however, it may also be the most complex to establish.
- Determine Company's premium on a state level basis and divide by state totals indicated in enclosed material. Apply this factor to the enclosed cost data on a by state basis. This method generally ignores the type of market a company writes in. Somewhat less complicated than above approach, probably is not much of an extra effort to go one step further and determine by account share.
- Determine Company's premium on a countrywide, by account basis and divide by countrywide, by account totals indicated in enclosed material. Apply this factor to the enclosed cost data on a countrywide, by account basis. Most likely the least accurate method, however, probably the easiest to administer.

In addition, the following points should also be taken into consideration when developing your cost estimates:

- Develop premium basis under above methods based on particular state provisions (i.e. 3 year average prior to year of insolvency, 1 year prior to year of assessment, etc.). A summary of state provisions is provided, however you are cautioned that this information HAS NOT been verified with the guaranty associations.
- Apply ratios developed above to assessment information provided to estimate amounts that may have been previously paid. Alternatively, companies should gather past paid assessment information from their own payment records as this would provide the most accurate payment information.
- Incorporate applicable premium tax offset provisions into above methods, subject to recoverability testing. Be sure to reflect tax recoveries as an asset as opposed to netting them against the accrual estimate if required.

Neither NOLHGA nor the Guaranty Associations make any representations or warranties as to the accuracy of the enclosed data.

# ALL AMOUNTS IN THE ENCLOSED REPORTS ARE SHOWN IN WHOLE DOLLARS

The data and enclosed funding schedules utilize estimates and may exclude costs incurred directly by the State Guaranty Associations, and actual assessments made by the Guaranty Associations may not coincide with the anticipated funding schedules. They should only be used in estimating your share of the insolvency costs. Since the data has not been audited, it MAY NOT be used in protesting actual assessments made by State Guaranty Associations. As such, neither NOLHGA nor the Guaranty Associations will attempt to reconcile the data presented in the enclosed reports to actual Guaranty Association assessments or explain differences.

### Revised Assessable Premium Licensed Only (88-93 Includes Resurvey Changes) 1988 - 2008 Data

# ASSESSMENT AND PREMIUM TAX OFFSET PROVISIONS

The enclosed material was obtained through a cursory review of available information to NOLHGA and is as of August 15, 2009. You should check each applicable state insurance statute prior to using the enclosed.

Assessment basis and capacity rates may affect the accuracy of accruals a company establishes for Guaranty Association costs. The enclosed information is provided to aid your company in establishing the most accurate accrual possible, however it should be verified with individual state statutes should you choose to do so.

Tax offsets may be considered when establishing your accruals for Guaranty Association assessments, where allowed. However, recoverability tests should be conducted to ensure that such an offset is reasonable. Such offsets may need to be reflected as an asset as opposed to netting against the liability; be sure to review the provisions of SSAP No. 35 and SOP 97-3 for proper treatment.

Neither NOLHGA nor the Guaranty Associations makes any representations or warranties as to the accuracy of the enclosed material.

#### **Assessment Limits**

**Assessment Classes** 

§20-686D. Two percent (2%) of premiums in state for policies covered by the account.

§21.79.070(b). Two classes of assessments: (1) Class A for administrative and legal costs, other expenses and examinations; (2) Class B to carry out the powers and duties

of the association with regard to an impaired or insolvent insurer.

#### Assessment Classes

§20-686B. Two classes of assessments: Class A for administrative costs and general expenses; and Class B to carry out the powers and duties of the fund with regard to an impaired domestic or foreign insurer.

#### Arkansas

#### Assessment Limits

§23-96-115(f)(1)(A). Total of all assessments authorized by the association with respect to a member insurer for each sub account of the life insurance and annuity account and for the health account shall not in any one calendar year exceed 2% of that member insurers average annual premiums received in this state on the policies and contracts covered by the sub account or account during the 3 calendar years preceding the year in which the insurer became an impaired or insolvent insurer. §23-96-115(F)(1)(B). If two or more assessments are authorized in one calendar year with respect to insurers that become impaired or insolvent in different calendar years, the average annual premiums for purposes of the aggregate assessment percentage limitation referenced in subparagraph (a) shall be equal and limited to the higher of the three-year average annual premiums for the applicable sub account or account as calculated pursuant to this section. (Amended effective 8/1/97)

#### **Assessment Classes**

§23-96-115(b). Two classes of assessments: Class A for administrative and legal costs, other expenses, and examinations; and Class B to carry out the powers and duties of the association with regard to an impaired or insolvent insurer. (Amended effective 8/1/97)

#### California

#### **Assessment Limits**

§1067.08(e)(1): One percent (1%) of the member insurers average premiums during the three years prior to the year of impairment or insolvency.

#### **Assessment Classes**

§1067.08(b). Two assessments: Class A assessments shall be made for the purpose of meeting administrative and legal costs and other expenses and examinations; Class B assessments shall be made to the extent necessary to carry out the powers and duties of the association with

#### Colorado

#### **Assessment Limits**

§10-20-109(5). One percent (1%) of the average premiums received by member insurer in the state on policies and contracts covered by the account during the three calendar years preceding the year the insurer become insolvent.

#### **Assessment Classes**

§10-20-109 (2). Two classes of assessments: Class A for meeting administrative and legal costs and other expenses and examinations; and Class B to carry out the powers and duties of the association with regard to insolvent insurer.

#### Connecticut

#### Assessment Limits

§38a-866(e)(1). Two percent (2%) of the average premiums in state for policies covered by each account during the three calendar years preceding year insurer became impaired or insolvent.

#### Assessment Classes

§38a-866(b). Two classes of assessments: Class A for administrative costs and general expenses; Class B to carry out the powers and duties of the association with regard to an impaired or insolvent insurer.

#### Delaware

#### **Assessment Limits**

§4409(e)(1)(a). The total of all assessments authorized by the Association with respect to a member insurer for each subaccount of the life insurance and annuity account and for the health account shall not in one calendar year exceed 2%of that member insurer's average annual premiums received in DE on the policies and contracts covered by the subaccount or account during the three calendar years preceding the year in which the insurer became an impaired or insolvent insurer. Amended effective 06/25/02.

#### **Assessment Classes**

§4409(b). There shall be three classes of assessment as follows: (1) Class A assessments, shall be authorized and called for the purpose of meeting administrative costs and other expenses. Class A assessments may be authorized and called whether or not related to a particular impaired or insolvent insurer. (2) Class B assessments shall be authorized and called annually to provide for the oversight activity of the Commissioner, thereby minimizing the need to make Class C assessments. (3) Class C assessments shall be authorized and called to the extent necessary to carry out the duties of the Association under this title with regards to an impaired or insolvent member insurer. Amended effective 06/25/02.

#### **District of Columbia**

#### **Assessment Limits**

§31-5406(e)(1). Two percent (2%) of the average premiums received on business in the state covered by each account during the three calendar years preceding the year in which the insurer is declared impaired or insolvent.

#### **Assessment Classes**

§31-5406(b). Two classes of assessments: Class A for administrative and legal costs and other expenses; Class B to carry out the powers and duties of the association with regard to an impaired or insolvent insurer.

#### Florida

#### **Assessment Limits**

§631.718(5)(a),(b). One percent (1%) of insurers premiums written in the state regarding business covered by the account received during the 3 calendar years preceding the year in which the assessment is made, divided by 3. Applies to assessments made on or after October 1, 1995, without regard to the date of the impairment or insolvency. (Amended effective 10/1/95)

#### Assessment Classes

§631.718(2). Two classes of assessments: Class A for administrative costs, general expenses and examinations; Class B to carry out the powers and duties of the association with regard to an impaired or insolvent domestic insurer.

#### Georgia

#### Assessment Limits

member insurers may claim a credit. (Eff. 10/1/96)

# Georgia

§33-38-22. Yes. Up to 20% of assessment amount may be offset for next 5 years following payment. Tax offset covers only Class B assessments.

#### Hawaii

§431:16-213. Yes. Up to 20% of assessment amount may be offset for the 5 years following payment; covers all assessments except administrative expenses.

#### Idaho

§41-4313. Yes. Up to 20% of assessment amount may be offset for 5 years following payment. An allowable offset, or any portion thereof, not used in any calendar year cannot be carried over or back to any other year.

#### Illinois

215 ILCS 5/531.13. No. In the event the aggregate Class A, B and C assessments for all member insurers do not exceed \$3,000,000 in any one calendar year, no member insurer shall receive a tax offset. However, for any one calendar year before 1998 in which the total of such assessments exceeds \$3,000,000, the amount in excess of \$3,000,000 shall be subject to a tax offset to the extent of 20% of the amount of such assessment for each of the 5 calendar years following the year in which such assessment was paid, and ending prior to January 1, 2003, and each member insurer may offset the proportionate amount of such excess paid by the insurer against its liabilities for the tax imposed by subsections (a) and (b) of Section 201 of the Illinois Income Tax Act. The provisions of this Section shall expire and be given no effect for any tax period commencing on and after January 1, 2003. (Eff. 5/29/98)

#### Indiana

§27-8-8-16. Yes. Up to 20% of assessment amount may be offset for each calendar year following payment, until the aggregate of those assessments have been offset by either credits against specified taxes or refunds from the association. Amended effective 3/28/2006.

#### lowa

§508C.19. Yes. Up to 20% of assessment amount may be offset for 5 years following payment.

# Kansas

§40-3016. Yes. Up to 20% of assessment amount may be offset for next 5 years, beginning with the calendar year after the year the certificate of contribution is issued. Tax offset covers only Class B assessments.

# Kentucky

KRS 304.42-130. Yes. Up to 20% of assessment amount may be offset for next 5 years; applies only to Class B assessments (including administrative expenses directly incurred or allocated to each insolvency). Class A assessments not eligible for offset.

# Louisiana

LSA-R.S. 22:2092.A,B. Yes. A member insurer may offset up to 20% of the amount paid for next 5 years. Assessment amount may be reduced if the insurer has assets invested and maintained in qualifying Louisiana investments. Codified effective 6.21.2008.

# Maine

§4621 Yes. to the extent of 20% of the amount of the assessment for each of the 5 calendar years following the year in which the assessment was paid. Amended effective for assessments paid on or after January 1, 2005.

# Maryland

No provision.

Massachusetts

§146B(13)(A). Yes. Up to 10% of assessment amount may be offset for next five years; covers all assessments but administrative expenses. Total offsets of all member insurers against premium, excise, franchise, or income tax may not exceed \$3 million per year. Carry forward of offset is permitted when cap is exceeded.

#### Michigan

§208.22. Yes. Amount a member insurer may offset varies according to formula in the Single Business Tax - Insurance Companies (Public Act No. 262).

#### Minnesota

§ 297I.20 Yes. Up to 20% of assessment amount may be offset for each of the five calendar years following the year in which the assessment was paid. Carry forward of offset is allowed when cap is exceeded. Amended effective for taxable years beginning after December 31, 2000.

#### Mississippi

§83-23-218(1). Yes. Prior to July 1, 1993, up to 25% of amount of assessment may be offset for the next two succeeding years; covers all but administrative expenses. After July 1, 1993, up to 20% of amount of assessments over the succeeding 5 years may be offset. Carryover is allowed where the offset is less than 20%, until offset is fully used.

#### Missouri

§376.745. Yes. Up to 20% of assessment amount may be offset for next 5 years after payment; covers all but administrative expenses.

#### Montana

§33-10-230. Yes. Up to 20% of assessment amount may be offset beginning the first year after assessment.

#### Nebraska

§44-2716(1). Yes. Up to 20% of assessment amount may be offset for next 5 years, beginning with the calendar year after the year the certificate of contribution is issued.

# Nevada

§686C.280.2. Yes. Up to 20% of assessment amount may be offset for next 5 years, beginning with calendar year after the year the certificate of contribution is issued.

# New Hampshire

§408-B:13.I. Yes. A member insurer may offset against its tax liability assessments for the life insurance and annuity account, and for the health account for guaranteeing the performance of contractual obligations of an impaired or insolvent insurer in regard to disability income coverages only, to the extent of 20% of the amount of the assessment for each of the 5 calendar year s following the year in which the assessment was paid. If a member insurer ceases doing business, all uncredited assessments may be credited against it tax liability for the year it ceases doing business. (Amended effective 1/1/97).

#### New Jersey

§17B:32A-18.a. Yes, a member insurer may offset against its premium tax liability, attributable to premiums written in that year, any assessments for which a certificate of contribution has been issued, to the extent of 10% of the amount of those assessments for each of the five calendar years following the second year after the year in which those assessments were paid, except that no member insurer may offset its premium tax liability by more than 20% of its premium tax liability in any one year. If a member insurer should cease doing business in the state, any uncredited assessments may be offset against its premium tax liability for the year in which it ceases to do business.

# New Mexico

No provision.

#### New York

§7712(b)(2)(A)(B). Yes. Up to 80% of aggregate assessments exceeding \$100 million over 15 years may be offset; covers all but administrative expenses.

#### **North Carolina**

§105-228.5A. Yes. Up to 20% of assessment amount may be offset for next 5 years; covers all but administrative expenses.

#### North Dakota

§26.1-38.1-10. Yes. Up to 20% of assessment amount may be offset for next 5 years.

#### Ohio

§3956.09(H). Yes. Up to 20% per year of amount paid during the fiscal biennium may be offset, beginning the calendar year following the end of the fiscal biennium; covers all but administrative expenses.

#### Oklahoma

§2030.1. Yes. Up to 20% of assessment amount may be offset for next 5 years following year of assessment; covers all but administrative expenses.

#### Oregon

§734.835(1). Yes. Up to 20% of assessment amount may be offset for next 5 years; covers all but administrative expenses. \*\*NOTE\*\* In 2009, Oregon legislature passed bill with sunset provision for the tax offset beginning 1.1.16.

#### Pennsylvania

40 PS § 991.1711(a). Yes. Up to 20% of assessment amount may be offset for 5 years following year of assessment. Does not cover administrative expenses. Note: The Pennsylvania Department of Revenue is currently denying offsets for assessments for the annuity account. Offset is permissible only to the extent that premiums are guaranteed for the life of the policy (no deduction for group accident and health).

#### Puerto Rico

No provision.

#### Rhode Island

§27-34.3-13.A. Yes. Member insurers may offset up to 10% of amount for each of the 5 years following year in which the assessment was paid. (Amended effective 1/1/96)

# South Carolina

§38-29.160. Yes. Member insurers may offset up to 20% of amount for 5 years, beginning with the year after a certificate of contribution is issued.

# South Dakota

§58-29C-56A. Yes. A member insurer may offset against its premium tax liability to this state an assessment described in subpart 58-29C-52 H to the extent of twenty percent of the amount of the assessment for each of the five calendar years following the year in which the assessment was paid. If the assessment is five hundred dollars or less, the member insurer shall take the total offset in the first year following the year in which the assessment was paid. However, total assessments offset against premium taxes may not exceed two million dollars in any year. If offsets exceed the annual limitation in this section, the excess may be carried forward to a subsequent year in which the annual limitation has not been exceeded. Any excess shall be apportioned among the contributing insurers in relation to their assessment that caused the limit to be exceeded. In the event a member insurer should cease doing business, all uncredited assessments may be credited against its premium tax liability for the year it ceases doing business. Effective July 1, 2003 (prior statute repealed).

#### Tennessee

§56-12.212(a). Yes. Member insurers may offset assessments paid up to the lesser of: (1) 10% of the amount for each of the 10 years following the year in which assessment was paid, or (2) one tenth of 1% until recovery of the assessment(s) is made. Covers all assessments but administrative expenses.

#### Texas

§463.161. Yes. Member insurers may offset up to 100% of assessments paid for an insurer that becomes an impaired or insolvent insurer on or after September 1, 2005 (20% per year for a period of 5 years beginning in the year following the issuance of the certificate of contribution). Member insurers may offset up to 100% of assessments paid

for an insurer that becomes an impaired or insolvent insurer prior to September 1, 2005 (10% per year for a period of 10 years beginning in the year following the issuance of the certificate of contribution). Covers all Class B assessments. Amended effective 9/1/05. Codified effective 9/1/07.

#### Utah

§31A-28-113(1). Yes. Member insurers may offset up to 20% of assessment amount for 5 years following year of assessment.

#### Vermont

§4167(a). Yes. Member insurers may offset up to 100% of assessment for the first calendar year in which a certificate of contribution is issued. Thereafter, member insurers may offset up to 80% for the first calendar year after the year of issuance; 60% the second year; 40% the third year, and 20% the fourth year.

#### Virginia

§38.2-1709. Yes. A member may show a certificate of contribution as an asset, in the form approved by the Commission, at the original face amount for the calendar year of issuance. Such amount may be amortized as follows: 1. Certificates of contribution issued before Jan. 1, 1998 shall be amortized in each succeeding calendar year through December 31, 1997, at an amount not to exceed 0.05 of 1% of the direct gross premium income for the classes of insurance in the account for which the member is assessed. If the amount of the certificate has not been fully amortized by the contributing insurer by December 31, 1997, the unamortized balance of the certificate amount shall be amortized at the option of the contributing insurer, either (i) in the same manner as the certificate was amortized prior to Jan. 1, 1998; however, if not amortized in full prior to calendar year 2010, the unamortized balance of the certificate shall be amortized in full during the calendar year 2010, or (ii) over the 10 successive calendar years commencing Jan. 1, 1998, in amounts each equal to 10% of such unamortized balance. A contributing insurer whose certificate has not been fully amortized by December 31, 1997, shall notify the Commission in writing of the amortization schedule option it has selected on or before March 1, 1998. If a contributing insurer fails to notify the Commission by such date, the insurer shall be deemed to have selected to continue amortization under the original schedule.

#### Washington

§48.32A. Section 13. Yes. Up to 20% of assessment amount may be offset for 5 years following payment; covers class B assessments only. (Eff. 7/27/97) Amended effective 7/22/01

#### West Virginia

No provision.

#### Wisconsin

§646.51(7). Yes. Member insurers may offset up to 20% of the assessment amount paid, for the next 5 calendar years following year of assessment, if premium rates on the class of business are fixed so that it is not possible to recoup assessments by increasing rates.

#### Wyoming

§26-42-111(a). Yes. Member insurers may offset up to 10% of the assessment amount for 10 years following the year in which the assessment was paid; covers all assessments except class A assessments.
